FARM BUREAU WILL VOTE ON MERGER PLAN

The members of the Adams County Farm Bureau Cooperative Association along with owner-members of 33 other local associations making up the Pennsylvania Farm Bureau Cooperative Association will vote soon on a proposal to merge the Farm Bureau with Agway, Inc.

A special meeting of the membership of the Adams County organization has been called for Wednesday, January 6, at 7:30 p.m. in the cafeteria of the Gettysburg Junior High School building.

Representatives of the state Farm Bureau organization and of Agway will explain the proposed merger and then a vote will be taken.

The Adams County Farm Bureau was incorporated 30 years ago and has grown steadily in membership and volume of business transacted.

HAVE AGWAY OKAY

The proposed merger was announced earlier this month by President Jacob N. Smith and Executive Vice President George G. Connor of the state Farm Bureau Cooperative Association.

Agway is the new farmer-owned organization formed by the merger last July of Cooperative GLF Exchange and Eastern States Farmers' Exchange, regional cooperatives serving 12 northeastern states.

Following the vote by PFB locals, the cooperative's regional board of directors will vote on a proposal to merge PFB with Agway. PFB is owned by its local associations.

Agway President Jonathan Davis, Sterling Junction, Mass., and Executive Vice President Edmund H. Fallon, Syracuse, N.Y., in a letter to Agway members announced that the Agway board of directors has approved a proposal to include the Pennsylvania Farm Bureau organizations.

EXPAND SAVINGS

In a letter to all local association stockholders, Smith and Connor noted joint studies which had been conducted over the last several years.

PICK WINNERS IN CHRISTMAS DECORATIONS

(See Photo on Page 3)

"The Littlest Angel" won first place for Joseph E. Miller, 347 Ridge Ave., McSherrystown, in Monday night's judging of McSherrystown's Christmas decorations.

Sponsored by the McSherrystown council of the Knights of Columbus, the competition was on the theme "Christmas Is Christ's Birthday" and only Christmas decorations with a religious theme were considered in the competition.

Miller's display which won a prize of \$15, was constructed across the front windows at his home. In the background was a painted scene of the sky, with twinkling stars, clouds and angels. In front of the handpainted scene was a fence. A string of the fence, which swung back and forth, was "the littlest angel." A concealed loud speaker recounted the story of the "littlest angel."

OTHER WINNERS

Second prize, \$10, was awarded to the outdoor display at the home of Richard McKim, Third St., McSherrystown, which featured a large Nativity scene. Third place, \$5, was awarded to the Nativity scene on the lawn of the property of Ralph DeWees, 418 Ridge Ave., McSherrystown.

Honorable mention went to the displays at the home of Bernard J. Livelberger, Edge Grove; Curt Hemler, Delone Ave.; McSherrystown; Donald Conrad, 233 North St., McSherrystown, and Robert Snyder, 314 Fairview Ave., McSherrystown.

Judges were James Sneeringer and G. Henry Roth of Gettysburg and George Costello, New Oxford.

APPLY FOR LICENSE

Larry E. Hare, Hanover, and Mary M. Rinehart, Abbotstown R. 1, have applied for a marriage license in York.

Rites Today For Fred L. Williams

Funeral services for Fred L. Williams, 63, 256 E. Lincoln Ave., who died suddenly of a heart attack Saturday morning while on a holiday visit at the home of relatives near Hanover, were held this afternoon at 2 o'clock at the Peters Funeral Home. The Rev. John Bishop, associate pastor of St. James Lutheran Church here, officiated. Interment was made in the Evergreen Cemetery.

The pallbearers were Jay Schmitt, Henry T. Bream, Robert Shriver, Robert P. Snyder, Robert Smith and Paul Estep.

ROTARIANS CITE GROWTH IN THIS AREA

Continuing growth for Adams County and the nation generally was forecast Monday evening by a panel of six speakers at Monday evening's meeting of the Rotary Club in the YWCA.

Dr. Roy W. Gifford, surgeon at the Warner Hospital, forecast "continued great advances in medicine. All of you have been reading about the Duke of Windsor and the operation he recently underwent. Ten years ago that type operation was highly experimental. There have been tremendous advancements in vascular surgery, and in surgery to all parts of the body. You may have read that permission has now been given to place an anticancer drug on the market. It attacks cancer from the virus standpoint. We appear to be lifting the corner as it were of the blanket of lack of knowledge concerning cancer. It may be that at long last we are on our way against cancer. One thing is certain, if money can do it, money is at hand, in all types of research into causes and cures of various diseases."

EXPAND EDUCATION

Gettysburg School Superintendent H. Edgar Riegle cited changes in education. "We are now offering five foreign languages. We have started Spanish in the Sixth Grade and that will be extended to the Seventh, Eighth, Ninth Grades and so on through. One of the languages we offer is Russian. We have advanced mathematics, physics and chemistry courses and we are trying to keep improving our offerings in the humanities in line with the sciences."

Dr. C. A. Hanson, president of Gettysburg College, said, "Education is a booming industry. Not (Continued on Page 3)

Aspers Boy Dies Monday In Hospital

Joseph L. Harlow, aged two, Aspers R. 1, died Monday afternoon in the York Hospital.

Born December 15, 1962, the child had been hospitalized a number of times during his two years of life and had undergone a number of operations. The child's mother, Irene Harlow, died about a year ago from carbon monoxide gas while a passenger in a car.

Surviving are the grandparents, Mr. and Mrs. David L. Harlow Sr., Aspers R. 1, and a great-grandmother, Mrs. Nancy Catherine Davis, Cashtown.

Funeral services Thursday afternoon at 2 o'clock from Peters Funeral Home, Carlisle St. with Rev. Arbe Dorsey officiating. Interment in Hillcrest Memorial Gardens.

Another Brink's Armored Truck Is Robbed By Three Masked Men Last Night

CHICAGO (AP) — Brink's Inc., estimated today that the company lost \$223,000 to three robbers who overpowered two guards and two Roman Catholic priests in a church rectory.

CHICAGO (AP) — Police sought three men today who bound two priests in a church rectory, jumped a guard and escaped with what officials described as a "large haul" from a Brink's, Inc., armored truck. The robbery was almost a duplicate of a church holdup in Paterson, N.J., Dec. 21.

In Monday's robbery, the guard was hospitalized with head injuries, but the priests were not injured.

The gunmen, wearing Halloween masks and a ski hood, bound two priests in a Roman Catholic church rectory in suburban Norridge late Monday, then jumped the Brink's guard when he arrived to collect the church's Sunday collections.

DRIVER SLUGGED

One gunman put on the guard's uniform and gained ad-

KIWANIS CLUB MARKS TENTH ANNIVERSARY

The Kiwanis Club marked its 10th anniversary Monday evening at its meeting in the Holiday Inn. Ernest Krape, one of the principal organizers and first president of the club in 1954 and its first year of operation. Among first projects were support of the governor's highway safety program and the Warner Hospital fund drive.

The club, assisted by the late John H. Knickerbocker, former Gettysburg College librarian, was responsible in its first year for the local celebration of United Nations Week. The U.N. program included a tree planting at Keefer School and an evening program at the high school. Past President Krape announced that William Ditzler, a member of the club, is currently working on an outline of the history of the club.

PLAN HAMME MEMORIAL

Following the talk by Mr. Krape, President Clyde Markle outlined the work of Kiwanis during 1964, including presentation of a Wally Tabor show, a Canadian Goodwill Week program, a penny-a-pound airplane ride program, the Hal-loween parade and queen contest, United Nations Week program and sponsorship of a Girl Scout troop and a Big Little League baseball team.

President Markle announced that next Monday's meeting will be a ladies' night dinner at which Lt. Gov. Paul Kunkle, of Chambersburg, will install the 1965 officers. The new officers include Edwin A. Kann, president; Donald X. Sullivan, first vice president; Donald G. Weaver, second vice president; Warren R. Appgar, secretary; and Arthur W. Warman, treasurer. Charles W. Pentz was elected Monday as a director to replace Warren Appgar, who has moved to the secretary's post.

Robert R. McCoy and Clyde Markle were appointed pallbearers to represent the club at the funeral of the late Herbert G. Hamme, assistant professor of Romance languages at Gettysburg College and past president of the local club. The club voted to purchase a set of books for the Adams County Public Library as a memorial to Professor Hamme.

MUMPER RITES ON THURSDAY

Funeral services for G. Elmer Mumper, 86, who died suddenly Monday morning at 9 o'clock at his home, York Springs R. 1, will be held Thursday at 1:30 p.m. in the Pittenuff Funeral Home, York Springs, conducted by Rev. Ralph A. Greiman. Interment in the Barrens Cemetery, near Dillsburg.

The deceased died in the yard at his home while hanging a rug on a washline. Dr. C. G. Crist, Adams County coroner, investigated and attributed death to acute dilatation of the heart.

A native of York County, he was a son of the late William and Agnes Trostle Mumper and a member of Emmanuel Lutheran Church, Franklintown. He had resided at York Springs for 35 years and was a former state highway employee. His wife, the former Mary Ann Harbold, died several years ago.

Mr. Mumper leaves a son, Har-

VIEW BOARD SETS DAMAGES AT \$13,000

An Adams County Board of View has set damages to the property of Vernon O. Baker, Gettysburg R. 1, caused by the new Route 15 bypass at \$13,000.

Attorney Edward B. Bulleit filed the report of the board of view Monday in the prothonotary's office. Other members of the board were Roy D. Renner and Eugene Murren.

Approximately 25 acres of land were taken from Baker's 280-acre farm in Cumberland Twp. by the new road. In addition the taking for the road cut off 13 acres in one plot and four acres in another and destroyed a peach orchard.

The land was condemned December 7, 1961, according to the report of the board of view. At the hearing held by the board, Attorney Eugene R. Hartman represented Baker while Attorney Oscar F. Spicer represented the state Department of Highways.

Witnesses who appeared at the hearing, according to the report of the board of view, included Marlin N. Brownawell, Luther Allen Twp., Cumberland Co.; Lee M. Hartman, 56 Hanover St.; Fred Green, Gettysburg R. 2; Charles Gerald, Gettysburg R. 1; Luther Schwartz, Gettysburg R. 1; Vernon O. Baker, Gettysburg R. 1, and William A. Bigham, 121 Bedford Ave.

POLICE EXAM ON JANUARY 14

The postponed civil service examination for patrolmen for the Gettysburg police force will be held January 14, Dr. Robert S. Lefever, chairman of the borough Civil Service Commission, announced today.

The examination had originally been scheduled earlier, but was postponed at that time to permit council to make a decision on whether there should be a top age limit on those allowed to take the examination. The notice for the January 14 meeting does not list any top age limit, and continues the minimum age requirement at 21.

The announcement by the commission is as follows: "The Civil Service Commission of the Borough of Gettysburg will hold a written examination for patrolmen on the Gettysburg police force January 14, 1965, at 7:30 p.m. in the council chamber at the fire engine house, 25 E. Middle St. Applicants must be a citizen of the United States and over 21 years of age. Application forms for the examination are available at the borough office, 25 E. Middle St., Gettysburg."

PAYS FINE

Bryant Roe, Biglerville, charged by borough police with disorderly conduct Sunday night, was freed from the county jail Monday afternoon after paying a fine and costs of \$19 before Justice of the Peace Robert P. Snyder. According to the borough police sheet, Roe also paid \$2, the cost of having the local police car cleaned.

FIND STOLEN CAR

State police Monday located a car owned by Enoch Dick, Gettysburg R. 3, stolen November 23 from the parking lot at Timely of Gettysburg. According to the report received by the borough police here the car was found on a parking lot at the Duffy-Mott plant, Aspers.

Say Miller Died Of Alcoholism

The death of Harold E. Miller Jr., 29, of Hanover R. 5, who died Christmas evening while visiting friends in the Wolf Hill area, was caused by acute alcoholism, the Adams County coroner, Dr. C. G. Crist, said today.

Dr. Crist said the state police laboratory at Harrisburg, to which samples of blood were sent as part of the autopsy to determine the cause of the sudden death, said that the blood had the highest percentage of alcohol of any sample ever received by the laboratory.

MRS. CURRENS, ADAMS NATIVE, PASSES AWAY

Mrs. Robert M. Currens, 71, 411 Lurgan Ave., Shippensburg, a native of Adams County, died early this morning in the Carlisle Hospital after a long illness.

She was born at Cashtown and was the former Grace A. Martz, daughter of the late George J. and Rebecca A. (Bushey) Martz.

Mrs. Currens was a member of the United Presbyterian Church of Shippensburg, the Willing Workers' Sunday School Class, the Shippensburg Civic Club, the Shippensburg Library Association and was a charter member of the First Court Chapter No. 470 of the Order of Eastern Star.

Surviving in addition to her husband are a son and a daughter, Mrs. Glenn L. Miller and Galen R. Currens, both of Shippensburg, and two brothers, Dorsey Martz, Biglerville, and Carl Martz, Gettysburg. There are five grandchildren.

Funeral services will be held Friday afternoon at 2 o'clock in the Presbyterian Church at Shippensburg with the pastor, the Rev. Donald R. Davis, officiating. Interment will be made in Spring Hill Cemetery, Shippensburg. Friends will be received Thursday evening after 7 o'clock at the Van Syoc Funeral Home in Shippensburg.

Mrs. Fabian Smith Dies This Morning

Mrs. Cecelia Catherine Smith, 82, wife of Fabian L. Smith, 320 Main St., McSherrystown, died at 5 o'clock this morning at her home after a lengthy illness.

She was the daughter of the late Francis and Ellen McSherry Weaver. In addition to her husband, whom she married in 1903, she is survived by a daughter, Mrs. Joseph Hoffman, 706 W. Middle St., Gettysburg, and three sons, Jules, Lancaster; Burdette, Bakersfield, Calif.; and Eugene, at home; four grandchildren and two great-grandchildren and a brother, Leo G. McGee, celebrant. Burial will be made in the parish cemetery. Friends may call at the funeral home Friday evening for the Rosary at 8 o'clock.

BULLETINS

LEOPOLDVILLE, the Congo (AP) — White mercenaries and Congolese troops today captured Wamba and rescued more than 120 white hostages. But they reported about 10 white hostages were slaughtered by Congolese rebels and parts of their flesh eaten during Christmas.

The mercenaries seized Wamba two hours after dawn this morning following a drive of more than 250 miles northeast from Stanleyville, former capital of the Communist-backed rebel Congolese People's Republic.

SAIGON, South Viet Nam (AP) — Viet Cong units captured a district town crammed with 6,000 Roman Catholic refugees today.

A U. S. spokesman said they held it in spite of determined government efforts to drive them out.

Fears were held for the safety of the refugees in Binh Ghia, 40 miles southeast of Saigon near the beach resort area of Cap St. Jacques. Three American helicopters were shot down attempting to fly in relief forces and four Americans were wounded. Two other Americans were wounded in the action.

INVESTIGATE BURGLARY

State police today were investigating a burglary occurring during the night at the Silver Dollar Tavern, near Fairfield.

MASONS HEAR JUDGE KREIDER AT BANQUET

"Masonry has survived through the ages because we have been willing to apply the power of disapproval to that which is wrong, and the power of approval to that which is right," Judge Homer L. Kreider, Harrisburg, 12th Judicial District, told 198 Masons and guests at the annual St. John's Day banquet of Good Samaritan Lodge No. 336 at the Elks home Monday evening.

Using the "History of Masonry" as his subject, Judge Kreider said that modern Masonry dates from the year 1717 when four Blue Lodges were joined together to form the Grand Lodge.

INTRODUCES GUESTS

Guests included the following district deputy grand masters: District No. 2, C. Lester Mathias; District No. 19, Richard Rosenberry, and District No. 3, John Lawson. They were introduced by District Deputy Grand Master Paul G. Pensinger. Gifts were presented to Mathias and Rosenberry, both of whom are retiring, by District Deputies Pensinger and Lawson.

George Hollabaugh, who served as toastmaster and who is the retiring worshipful master of Good Samaritan Lodge No. 336, was presented with the past master's jewel, lapel pin and apron by District Deputy Pensinger.

NEW OFFICERS

The incoming worshipful master, Lee Hartman, spoke briefly and introduced the following officers for 1965: Senior warden, Richard L. Unger; junior warden, Robert W. Morris; treasurer, Kenneth W. Johns; secretary, Ray J. Kitzmiller; trustees, Lloyd C. Keefeauver, Arthur E. Hutchison and Eugene R. Hartman; representative in Grand Lodge, William R. Fisel; chaplain, D. Walker Woods; senior deacon, Robert J. Group; junior deacon, Donald E. Bickel; senior master of ceremonies, George P. Heffran; junior master of ceremonies, Melvin I. Lettzel; pursant, Richard E. Swisher, and tyler, John L. Bower.

PRESENTS GAVEL

A wooden gavel, a gift of his wife, was presented to Lee Hartman by William Fisel. Masons introduced included Judge W. Clarence Sheely, a 33rd degree Mason; Herbert Raymond and Henry M. Scharf.

Invocation was given by Rev. Philip Bowers and the closing prayer by Rev. Edmund L. Manges. Guests were present from lodges located in Hanover, New Oxford, Harrisburg, Marysville, Mechanicsburg, Laurel, Del.; Chambersburg, York, Carlisle, W. Va.; Reading, Elizabethtown, N.J.; Camp Hill, New Haven, Conn.; Panama Canal Zone, Wilmington, Del.; Millinburg, Waynesboro, Cicero, Ill., and Emmitsburg, Md.

Eugene Hartman announced that the annual stated meeting for the Shrine of Zemo Temple will be held on January 8. Buses will leave from the Holiday Inn parking lot at 6:30 p.m.

WCTU PLANS SUPPER

The Adams County WCTU will hold a covered dish supper at 6 p.m., Saturday at the Aspers fire hall. The evening's entertainment is being planned by the Biglerville local. Guest speaker will be Rev. David Grim from the Pennsylvania Temperance League. There will be a Gold Medal speech contest from the York Springs young people. Everyone is welcome. Persons attending are asked to bring your own table service and a covered dish.

She was a member of Redeemer's Lutheran Church, Harrisburg; the Harrisburg Chapter of the DAR and was immediate past regent of the Daughters of American Colonists there.

Survivors include her husband, Robert W. Hicks; a daughter, Louise; a son, Michael; a brother, Mervile E. Zinn, Gettysburg, and two sisters, Mrs. Rebecca Zinn Schwenk, Gettysburg, and Mrs. F. C. Mumma, Amityville, L. I. Funeral arrangements are incomplete.

Italy Elects Its First Socialist President On 21st Ballot Monday Night

By JAMES M. LONG
ROME (AP) — Giuseppe Saragat, 66, first Socialist president in Italian history, swore faith to the nation and the constitution today as a 101-gun salute thundered over Rome from the Janiculum Hill.

The portly former foreign minister took his oath of office standing stiffly erect before a combined session of Parliament, which elected him to a seven-year term Monday on the 21st ballot. He succeeds Christian Democrat Antonio Segni, who resigned because of illness.

The 13 bitter days of balloting left Christian Democratic Premier Aldo Moro's center-left government ridden by rivalry and in danger of collapse. Moro's Christian Democratic party was badly split.

IS PRONATO

Although Saragat is pro-NATO and anti-Communist, the Communists' 253 votes were the decisive factor. They gave him

Chamber To Meet On New Constitution

The Chamber of Commerce will hold a membership meeting at the Elks home January 11 at 1 o'clock to consider adoption of a new constitution and bylaws, Julian Estep, president, said today.

A copy of the new constitution and bylaws has been mailed to each member for consideration prior to the meeting.

Estep expressed the hope that every member make an effort to attend the meeting.

AWARD BADGES TO EXPLORERS OF POST 79

(See Photo on Page 3)

Members of Explorer Post 79 received badges signifying advancement they have made in Boy Scouting at a Court of Honor Monday evening in St. James Lutheran Church.

Assistant Post Advisor Richard A. Kershner was master of ceremonies. Elmer M. Gruver presented the First Class badge to Walter B. Powell, and outlined the work necessary to obtain First Class rank. Post Advisor James Fox presented the Star rank badge to Eric Bergdale and spoke of the requirements for that rank. The two Explorers then presented miniature copies of the badges they had received to their mothers, Mrs. M. I. Bergdale and Mrs. Walter O. Powell.

Associate Advisor Patrick Riley presented the following merit badges: To Eric Bergdale, personal finance, house repair, life saving, safety, firemanship, public health, nature, citizenship in the community; to Carroll Zentz and Walter B. Powell, hiking, and to James Gallagher, dog care.

MAYOR SPEAKS

Mayor William G. Weaver, principal speaker, outlined "Citizenship in the Community." He encouraged the young men to "be active in your community. Be anxious to serve on the fire department, as councilmen, as mayors, in every phase of community life. There is a great need constantly for leadership, for men who will volunteer their time to make their community better."

Post Advisor Fox outlined the activities of the post during the last year. He also announced that Randy Hartlaub had passed the requirement for the Life rank, but was in Florida at the present time with his parents. The badge will be presented to him after his return.

A motion picture on Philmont, the national Boy Scout ranch, was shown, and refreshments were served.

Mrs. Robert Hicks, Town Native, Dies

Mrs. Robert W. Hicks, 42, Harrisburg, the former Helen Zinn, a native of Gettysburg, and daughter of the late Mr. and Mrs. Roy E. Zinn, died this morning in the Polyclinic Hospital, Harrisburg, after an illness of some time.

She was a member of Redeemer's Lutheran Church, Harrisburg; the Harrisburg Chapter of the DAR and was immediate past regent of the Daughters of American Colonists there.

Survivors include her husband, Robert W. Hicks; a daughter, Louise; a son, Michael; a brother, Mervile E. Zinn, Gettysburg, and two sisters, Mrs. Rebecca Zinn Schwenk, Gettysburg, and Mrs. F. C. Mumma, Amityville, L. I. Funeral arrangements are incomplete.

129 Children Are On Welfare Lists

There are now 129 children under Adams County Child Welfare care, Miss Dorothy Curtis, Child Welfare secretary, told the Adams County commissioners at their meeting in the courthouse this morning.

Presenting her monthly report, she said that one child was added during the month bringing the total under care to 129 with 60 families represented.

Forty-two of the children remain in the homes of their parents, nine are in the homes of relatives, 38 are in foster homes, two are in free foster homes, four in adoptive homes, 31 in institutions and three "elsewhere." A total of 96 are under direct supervision of Child Welfare and 33 under indirect supervision.

Other business of the commissioners this morning included approval of bills totaling \$3,353 to be paid from the general fund and \$256 to be paid from the liquid fund.

DOCTOR WANTS PRESIDENT TO LOSE WEIGHT

By KARL R. BAUMAN
JOHNSON CITY, Tex. (AP)

The doctor who keeps daily watch over President Johnson predicts he will withstand the stresses and strains of the White House in outstanding fashion.

Rear Adm. George G. Burkley, personal physician to the President, describes Johnson's health as excellent.

But Burkley, who keeps in touch with the President's health through daily observation and a general check every 7 to 10 days, would like Johnson to take off a little weight.

He reports Johnson weighs 205 to 210 pounds. Burkley wishes it were nearer 200.

PREPARED ANSWERS

The White House released for publication Monday questions submitted by newsmen, along with Burkley's replies. Press secretary George E. Reedy said questions had been entered by several newsmen and it was decided to compile the questions and answers so all would have an even break.

A couple of the questions and answers:

Q. In the light of the heart attack in 1955, what is the state of the President's heart today?

A. No evidence of residual of the 1955 heart attack. All findings indicate normal function and reserve.

Q. The President also had a kidney stone removed in 1955, and there have been reports doctors recommended he drink less milk after a slight recurrence of kidney trouble in 1963. What are the facts?

NO KIDNEY TROUBLE

A. There has been no kidney trouble since mid-1963. Calcium intake is frequently reduced when stone formation has occurred in the past.

Johnson recently was examined by a heart specialist, Dr. John Willis Hurst of Atlanta, and Dr. James Cain of the Mayo Clinic at Rochester, Minn. In subsequent interviews with Associated Press science writer Frank Carey, they gave Johnson a good bill of health. Both felt his weight should be about 190.

GAVE UP SMOKING

Burkley said Johnson likes bourbon and water before dinner, hasn't smoked since his heart attack, gets seven or eight hours sleep, usually awakens between 7 and 8 a.m.

Furthermore, Burkley reported, Johnson sleeps well, is on no special diet, and takes daily, supervised exercises, augmented by walking and sometimes by swimming.

Burkley was asked to what he attributes Johnson's ability "to carry on a rigorous routine in consideration of his age and history of a heart attack."

The White House doctor replied: "Complete recovery and excellent general physical fitness and his ability to relax on short notice."

The last of the 35 questions: "What is your judgment as to how the President will withstand the strains and stresses of four more years in the White House?"

"In outstanding fashion," Burkley replied.

NEWPORT PAIR DIE IN CRASH

LINCOLN, Neb. (AP) — Five persons, including a Pennsylvania couple, were killed and a sixth injured early today in the grinding crash of two cars on an ice slick road near the Lincoln Air Force Base.

The lone survivor, Jaes Quisenberry, 22, of the air base, was reported in fair condition.

The dead included four airmen and the wife of one of the airmen.

An air base spokesman identified the dead as Airman 2c, William Hester, 22, Newport, Pa., and his wife, Georgia Ann Hester; Airman Basic Robert L. Ruggerio, 22, Gibsonsburg, Ohio; Airman 2c, James L. Strickland, 22, Benton Harbor, Mich.; and Airman 2c, Herman Strong, 20, Bessemer, Ala.

The Safety Patrol said a southbound car apparently spun out of control on the ice glazed road and hit the northbound vehicle.

Brother Renames Kuwait Premier

DAMASCUS, Syria (AP) — Kuwait's ruler, Sheikh Abdullah Salem El Sabah, today reappointed his younger brother, Crown Prince Sabah Salem As Sabah, premier and asked him to form a new government for the oil-rich little emirate on the Persian Gulf.

Sheikh Sabah and his 15-man Cabinet resigned Monday night under parliamentary pressure after only 22 days in office. The crown prince has been Kuwait's premier since it became a parliamentary monarchy after its independence from Britain in 1962.

U. S. Criticized For Interest Rate

KUALA LUMPUR, Malaysia (AP) — Criticism of the United States welled up today over the terms of a military loan offer to aid Malaysia in its defense against Indonesia.

The government said Tuesday night it has rejected the offer because the United States wanted to charge 5 per cent interest. The loan, to run from five to seven years, was to be used for buying American planes and other military supplies.

"We have to reject this kind of assistance," Deputy Prime Minister Tun Abdul Razak told the House of Representatives. "We thought our friends would look to us with sympathy in our time of difficulty."

U.S. officials said 5 per cent interest was normal for short-term credits for purchase of military equipment.

HOLD YOUTHS IN MAN'S DEATH

PITTSBURGH (AP) — Two Pittsburgh teen-agers, one a former high school football player, face charges of murder in the shooting of a finance company collection manager that netted \$5.

Charged by police Monday in the shooting of Anthony Bishop, 33, of Lower Burrell, Westmoreland County, were Donald Hardy, 18, and Miles Taylor, 15. Bishop was found slain last Wednesday night in a car parked in Pittsburgh's East Liberty section.

Capt. Eugene Coon, head of the city's homicide squad, said the 265-pound Hardy, a former high school football player, admitted shooting Bishop. He was arrested Dec. 24.

Coon said that after Bishop was shot, Hardy took five dollars from the victim, gave two to Taylor and kept three for himself. Taylor was taken into custody last Saturday.

A revolver used in the slaying was found about two blocks from the car, police said.

Southern Railroad Struck By Firemen

CHARLOTTE, N.C. (AP) — Southern Railway firemen set up picket lines at various points in several states today and striking firemen said the walk-out was systemwide.

In Charlotte, where pickets paced before the Southern station, members of the International Brotherhood of Railway Firemen said the strike was called to improve general working conditions.

Pickets also complained they have no paid holidays and are using unsafe machinery, although they did not elaborate.

Southern officials either could not be reached for comment, or declined comment.

11TH MAN SLAIN BY GANG RIVALS

BOSTON (AP) — The new count in Boston: 11 men slain in unsolved gangland style murders in the Greater Boston area since March.

The latest was George E. Ash, 43, stabbed more than 50 times and shot in the head before his body was found in a parked car early Monday.

Ash had worked as a bartender in Boston's Brighton section after his release eight months ago from a Rhode Island prison.

He had served four years after conviction for his part in the Providence slaying of Albert G. Freeland.

A Boston police official said a feud between rival gang factions may account for the 11 killings and half a dozen attempted murders recently.

FBI Wants Full

Morals Report

WASHINGTON (AP) — The FBI has asked police departments to spell out the precise nature of morals offenses against government employees when submitting fingerprint cards to the FBI's central print files.

A bureau spokesman said Monday the request merely reiterates a policy of long standing and has nothing to do with the recent Walter Jenkins case. Jenkins resigned as an assistant to President Johnson after two arrests on morals charges were made public. His resignation was asked by the President.

STATE TO PAY

71 PER CENT OF DAM BUILDING

PHILADELPHIA (AP)—The Delaware River Basin Commission met today on a proposal that Pennsylvania pay 71 per cent and New Jersey 29 per cent of the costs for three joint water supply projects.

Plans for three reservoirs announced Dec. 19 by the commission call for Pennsylvania to pay \$63,780,000, and New Jersey \$26,380,000. The formula would be in effect for 58 years. Reservoirs are planned at

Tocks Island on the Delaware River, Beltsville on Phopoco Creek in Pennsylvania, and Blue Marsh on Tulpehocken Creek, also in Pennsylvania.

The Tocks Island reservoir is the major project in the commission's master plan for water supply and control.

SAY RUSSIANS HAD NO RIGHT TO ALTER SHOW

MOSCOW (AP) — The Russian version of "My Fair Lady" is a hit in Moscow, but the American owners of the famed musical claim it's piracy.

"The show was a great success," the Soviet news agency Tass announced after the opening Monday night of "Maya Prekasnaya Lady," as it's called here.

The hit song was "Get Me to the Church on Time," the same number that stopped the show when the U.S. State Department sent an American company here in 1960.

WOWED BY DANCES

But it was the wild Cockney dancing that wowed the Russians more than the words and music by Alan Jay Lerner and Frederick Loewe.

Western spectators found that the Russian translation did little for the original lyrics. "The rain in Spain falls mainly in the plain" became "Carl stole corals from Cora."

The adaptors threw in "The Night They Invented Champagne" from "Gigi," another Lerner-Loewe show, to fill the gap left because the score had been shortened.

The Columbia Broadcasting System, which controls foreign rights to "My Fair Lady," and Vice President Michael Burke charged in New York that Soviet authorities had not requested nor received permission to put on the show. Burke said CBS lawyers had prepared a protest to Moscow.

SUGAR CANE EXPERT FREED

SAIGON, South Viet Nam (AP) — Communist guerrillas today freed a Filipino sugar cane expert of the U.S. aid mission who was kidnapped Aug. 8 with an American field representative, Joseph W. Grainger of Sumter, S.C.

The Filipino, Eligio Lauguico, looked tired and ill.

American officials brought him to Saigon from the coastal city of Qui Nhon. They advised him not to talk to newsmen, but he did say Grainger was "taken deeper into the mountains" after being held with him for the first three months of their captivity.

Lauguico twisted his hands nervously as he waited for transportation from the airport. He said his hands were tied behind his back for most of his captivity.

No details were available on how the Viet Cong released the Filipino. Lauguico and Grainger were traveling in a car in Tuy Hoa Province, about 250 miles northeast of Saigon, when they were captured.

HHH RESIGNS SENATE POST

WASHINGTON (AP) — Vice President-elect Hubert H. Humphrey formally resigned today as a Democratic senator from Minnesota.

The resignation clears the way for the appointment by Gov. Karl Rolvaag of Walter Frederick Mondale, 36, Minnesota attorney general, to serve during the remaining two years of Humphrey's term.

Humphrey's announcement came with his release of a letter to the governor, dated last Wednesday, saying he was resigning at the close of business to permit the appointment of a new senator effective Wednesday.

The governor announced Nov. 18 he had chosen Mondale, who has described himself as a liberal with views that "closely coincide" with those of President Johnson and Humphrey. Although Humphrey goes off the Senate payroll tonight, and will not begin drawing his vice-presidential salary until his inauguration Jan. 20, he quit the Senate early to give Mondale seniority over other new senators.

Ocean Floor Was Raised By 'Quake

SEATTLE, Wash. (AP) — A geophysicist who spent six weeks in the Alaska area studying effects of the March 27 earthquake said Monday that in many places off the coast the ocean floor raised as much as 50 feet.

Richard J. Malloy said his findings were based on soundings made in 1927 and just after the quake.

"WORK TOGETHER"

Much can be accomplished if people work together... there is strength in unity... to stand the roughest weather... concerted efforts will bring forth... the greatest dividend... if anything is to excel... there must be a blend... look upon the families... which are closely tied... they are destined to succeed... because they're side by side... the same holds true for nations... they must have unity... all for one and one for all... keeps a nation free... as you journey onward... bear this fact in mind... those who work together... benefit mankind.

Gruber of the Norridge police said, "We won't know until after an inventory of the guards' calls has been completed."

Here is the account of the holdup told by police and church officials:

The armored truck usually gets to the Divine Savior Church on Monday's between 5:45 and 6:30 p.m. It arrived about 2 minutes after 6 p.m.

PRIEST IS TIED

Guard Robert Johnston, 38, of suburban Alsip entered the rectory and noticed the Rev. Walter Morris, 38, pastor of the church, sitting tied in a chair. Johnston was immediately hit from behind by one of the gunmen.

The Rev. Richard Burke, 31, had walked into the room just before the Brink's guard arrived and after the three masked men had tied Father Morris to a chair with surgical tape and gagged him.

Father Burke was knocked to the floor by one gunman and bound with tape.

After the guard was hit, he was tied to Father Burke with tape.

HANDCUFFED TO FENCE

The three masked men, one of them reported as very nervous, then went into action. One robber put on Johnston's Brink's uniform and went outside. He gained admittance to the armored truck and slugged the driver, Bernard Gendek, 27.

The other two men, who had rifled the rectory safe of about \$200, ran outside and drove in a car behind the truck to a cemetery near the church.

The men quickly loaded the money into their car, handcuffed Gendek to the cemetery fence and fled.

Heinz Beer, an ambulance driver for the Norridge fire department, had gone to the rectory to see Father Burke. He heard muffled sounds and found the two priests and the guard. Father Burke had managed to dial police after the three gunmen left.

Johnston was hospitalized for lacerations to the head. He was reported to be in satisfactory condition.

Report Johnson Favors Bourbon

JOHNSON CITY, Tex. (AP) — President Johnson is known to like a scotch and soda on occasion although his doctor says Johnson prefers a bit of bourbon and water before dinner.

Rear Adm. George G. Burkley, White House physician, named bourbon in answering a questionnaire from newsmen Monday. Maybe his information was based on yuletide observations around the LBJ Ranch.

Visitors there have been offered cake and eggnog, and the President's understanding is that eggnog is made mostly with bourbon around these parts.

NIGERIA HAS VOTING CRISIS

LAGOS, Nigeria (AP) — An election crisis deepened in Nigeria today when the leaders of two of the country's four regions refused to attend a conference in Lagos with the president and the prime minister.

The premiers and the governors of the northern and western regions declined an invitation to confer with President Nnamdi Azikiwe and Prime Minister Sir Abubakar Tafawa Balewa. They reportedly notified Azikiwe that the prime minister and not the president rules the country.

The regional leaders had been called to meet with Azikiwe and Balewa to decide whether the nation's first general election in four years of independence should be held Wednesday as scheduled. The president and the prime minister had announced they could not agree on the issue.

Balewa, who represents the Moslem north, favors going on with the voting. President Azikiwe, a southerner, wants it delayed at least a month.

ROTARIANS

only do we have a population explosion but we have a knowledge explosion occurring simultaneously. The major problem of the colleges and universities is to create the talent to teach the vastly expanded student bodies of the next decades. Today our graduate schools are producing 15,000 doctors of philosophy a year. Industry alone would gladly take that many and more, if they could get all of them. Our colleges and universities, expanding to meet the additional students seeking a higher education, need that many as well. Thus we have immediately an extremely urgent problem, to create the resources of talent needed, for both industry and the colleges. There are great financial problems to be solved as well, but I believe this will be solved, partly by continuation of private philanthropies and partly by public support through governmental grants."

HAUSER SPEAKS

John A. Hauser, president of the Musselman Division, Pet Milk Co., said there is a vast increase in fruit plantings in the county while the number of individual fruit farms has declined. "This seems to be the trend in farming in general; larger farms but fewer farms."

"The problem is to produce more and more food from less and less land. As the setting aside of more land for recreation purposes, highways, homes and industry to accommodate our increasing expansion takes more and more land from cultivation. The remaining amount of land for agricultural purposes must continue to provide more and more food or someone is going to go hungry. In fact there are economists who say that sometime after 1970 there may be danger of a food famine. Great strides have already been made in producing more on fewer acres, and it will be necessary that even greater advances be made."

Dr. Frederick Tilberg, historian for the National Park Service, said, "We look forward to continued increase generally in tourist visitation. Five years ago we had looked forward to gradual increases in visitation to Gettysburg, peaking in 1963, with the centennial, and then gradually declining. Last year our visitation exceeded 2,000,000 for the first time. This year the visitation will be around 2,250,000."

CHANGE IN LAW

Attorney Edward B. Bulleit, commented on the number of changes in criminal procedures scheduled for the local courts and minor judiciary as well as throughout the state and nation. He said, "The U. S. Supreme Court has been broadening the scope of the 14th amendment to incorporate as against the states the provisions of the Bill of Rights which were originally believed to be limitations on the federal government only. We had one example of the change at a recent hearing in connection with a murder case. Now the question arises whether you have to provide a person under charge of murder with counsel before he is interrogated. The changes will make police work more difficult, but provide greater protection of individual's rights."

G. Henry Roth, who served as moderator, said, "This has been Gettysburg's most prosperous year. My indicator for the town's prosperity is the United Fund. This year for the first time in four years it exceeded its goal and raised the largest amount of money."

"Those of us who have lived through the last half century or most of it, are the most fortunate people in all history. We saw the end of the horse and buggy age, the beginning of the era of space travel and automation."

"What we saw in our youth was a world not vastly different from the world that had existed for thousands of years."

4 School Districts Get State Money

Four school districts in this county have received a total of \$11,005.15 in state reimbursement for extension recreation programs they conducted during the 1962-63 school year.

The largest check came to Gettysburg in the amount of \$9,613.12. The others were received as follows: Upper Adams, \$788.93; New Oxford Area, \$481.55, and the Fairfield Area School District, \$121.55.

Other school districts eligible for reimbursements under the same program will receive their payments later.

Announcement of the payments came from the office of the county superintendent of schools, M. Francis Coulson.

Continue Probe Of Plane Export

WASHINGTON (AP) — The State Department says investigation is continuing into the reported illegal export of two American fighter planes to Haiti last September.

A department spokesman denied Monday published reports that it had persuaded authorities to drop the inquiry in order to avoid unveiling techniques of the Central Intelligence Agency.

FARM BUREAU

(Continued from Page 1)

eral years by the three cooperatives regarding joint operation of some production and warehousing facilities.

Their letter said that recently completed studies showed considerable dollar savings possible for PFB and Agway as a result of reduced costs from merged operations.

Formed in 1934, the Farm Bureau system includes 90 distribution points which serve farmers of the state with commodities and services.

Combined membership in the local associations is about 54,000. Farm Bureau employs 1,050 persons in its retail and regional operations.

MANY OPERATIONS

PFBCA owns a feed manufacturing plant at Manheim, Pa., which is leased and operated by Cooperative Mills, Inc., solely for Farm Bureau. It owns and operates a hatchery at Harrisburg, a seed processing plant at Manheim, wholesale farm supply warehouses at Greensburg and Florin, and a poultry breeding farm and feed test farm, near Harrisburg. PFBCA also has bulk feed terminals at Winfield and Butler, and fertilizer blending plants at Mercer, Dayton, Uniontown, Bedford, Winfield, Lebanon and Blandon.

The regional organization furnishes management services to the Farm Bureau Marketing Cooperative through which all farm product marketing is done. Commodities marketed for members include tobacco, grain, eggs, poultry and livestock. Farm Bureau does not currently process any food products for marketing.

WIDE INTERESTS

PFBCA is a joint owner, with other regional cooperatives, of a petroleum refinery in Texas; a feed manufacturing plant at Cincinnati, Ohio; two fertilizer manufacturing plants at Baltimore, Md.; a seed processing plant at Fort Wayne, Ind.; and a farm supply manufacturing and procurement cooperative at Alliance, Ohio.

Sales volume for the Farm Bureau system was \$40 million in its most recent fiscal year.

The county Farm Bureau has its headquarters at 107 N. Washington St. with a branch in New Oxford.

Markers Placed On Emmitsburg Bypass

EMMITSBURG — The State Roads Commission has placed stop signs, warning markers and other precautionary devices to mark the intersection of Routes 15 and 97.

This intersection has been the target for considerable criticism recently following a fatality and several other accidents. Since the signs have been installed there have been no accidents.

J. Ray Hartman, resident engineer for the SRC, says, "The new road is much wider and there is only one slight curve. No one can deny that it's a whole lot better than the old road which intersected Route 97 at the square," he said.

ASKS LAWYERS BACK REFORMS

CHICAGO (AP)—Sen. Joseph S. Clark (D-Pa.) called on law schools to join the fight for congressional reform in a speech here Monday night before the Association of American Law Schools.

Sen. Clark stressed the need for the legal profession to formulate clear rules of legislative policy that would enable "a majority to act after a reasonable opportunity for the expression of differing views."

He said lawyers should aim to bring about changes in the filibuster rule, which as it stands now hinders the Senate from making efficient decisions. Communication channels should be speeded up in both houses to ensure prompt committee action and vote on bills, he added.

The senator also emphasized the need for establishing uniform rules of procedure for all legislative committees. Legislation should also be passed requiring members of Congress and congressional employees to disclose their financial interests and income.

2 GUNMEN GET \$299,000 LOOT

BUFFALO, N.Y. (AP) — Two gunmen robbed the city treasurer's office of an estimated \$299,000 today, police reported.

One of the pair beat the city treasurer, Melvin Elliott, on the head as Elliott sought to stall them in the office.

Most of the money was believed to have been in checks.

Patrolman Thomas J. Wright, assigned to the office, was in another part of the office at the time.

When told that the gunmen had fled with a money bag, Wright ran outside.

"I got outside in time to see the last of the two entering the car and the car pulling away, and managed to get one shot at the getaway machine," he told a reporter. "I think I hit it."

Mae D. Wicks, a cashier, told police:

"I was holding the money bag. The count was \$299,000, mostly checks, when the two men confronted me from outside the counter. I was ordered to hand the bag over and I dropped to the floor. I saw one had a nickel-plated revolver."

The independent newspaper Il Messaggero commented that "Christian democracy must rediscover its unity, lacking which it loses its function as democracy's stronghold and as the party of the relative majority."

Saragat is an exponent of center-left government, both by commitment and as a member of the Moro Cabinet. Political experts speculated that some arrangement may emerge in which the Communists would play a strong role in a center-left regime.

President Johnson cabled congratulations to Saragat, but unofficial reaction at the State Department was tinged with reservations.

The Italian president is largely a figurehead but in times of government crisis he names the new premier and he can dissolve Parliament. He also has considerable influence on political trends.

Wolf - Timmins: The wedding of Mrs. Bessie Timmins and C. Milton Wolf, both of this place, took place in Baltimore Thursday. Mrs. Timmins is a daughter of Mr. and Mrs. W. H. Tipton. Mr. Wolf has for some years been proprietor of the Wolf warehouse on North Straton street. Upon returning from a wedding trip of several days to New York they will reside in the Davis Building, Carlisle Street.

Miss Margaret Gilliland has returned from Georgetown, Delaware, where she is teaching school, to spend the vacation at her home on Carlisle St.

Never in Gettysburg's history has there been such a remarkable and wide-spread spirit of charity as was everywhere manifest here on Christmas Day. Those who are in a position to know say that the number of persons participating in the giving of gifts to the poor of the community was far in excess of other years, that the things given were of more value, and the number of persons enjoying this charity numbered by the scores. Baskets were sent to almost every part of town filled with good things to eat. Coal wagons were kept busy delivering their burdens to the doors of families who needed it sorely. Clothing was distributed to many a home, and toys were not forgotten while the necessities of life were provided. Emotions of sorrow and gladness vied for supremacy in the breast of many a little tot who struggled at the end of the long line of waiting for Santa's gift at the municipal tree Christmas eve. Santa waited for 888 and then found that he was prepared for 12 more boys and girls who did not come, too sick to leave their homes, but they were found by one of Santa's best helpers and had their share of the gifts. The community Christmas tree cost Gettysburg just about \$100, all of which has been subscribed.

The first force of men are at Laurel Dam and started to cut ice today. They have ten-inch ice and if they can harvest the crop now there it will give them all they want. They have 35 acres to cut over.

Colored Elks Had Many Guests: Lincoln Lodge 145, I. B. P. O. E. of W. entertained at their home on Christmas Day for dinner 65 colored children and needy old people of our community. The day was well spent in a charitable way and the members and children spent one of the happiest days in the memories of the oldest residents. The lodge appreciated the kindness of many friends who contributed to entertaining the children from 1:30 to 5 o'clock with out solicitation.

Unique Society: Among the places at which "watch night" services will be held in this county is Arendtsville, where the exercises will be in charge of an organization formed in 1876 for this special purpose and meeting once every year thereafter. Since its organization 1,168 persons have enrolled as members. It is known as the "Arendtsville Time Society." Its motto is "Watch and Pray."

Today's Talk

CALMNESS TO FORGET

I have never discovered the reason why so many people cling to unpleasant, or unhappy memories. Why do we store in our minds things that ought to have been discarded long ago? Why can't we have the calmness to forget?

There are those who have personal feuds with others that they carry about with them everywhere they go. With such a short space of time in which to live and learn, why should we give even a moment to remembering unfortunate experiences, or to continue harboring hate in any form?

People carry about with them resentments that keep adding poison to their entire mental outlook. We can be neither healthy nor happy so long as we hold ill will toward a single human being. Many years ago Henry Drummond wrote a little book about "the greatest things in the world," and he called that greatest thing — love. Love doesn't burn and give warmth in a heart of hate.

Memory was given to us to recall pleasant things, and to file them away for inspiration and hope when times get dark. We need such moments for calmness to forget all bitter things and to bring together in our mind and heart all that has made life worth while. When we think of our endless blessings and all the many kind acts of others, and their words of encouragement, there really isn't any room for resentments and ill-feelings.

If the world would only stop hating — that is, many of the nations — they would be no fear of future wars. When Simon Bolivar was dying, and neglected and almost alone, the great liberator told an American doctor who attended him that he would die happy if only his countrymen would stop hating and quarreling among themselves. That meeting of General Grant and General Lee, at Appomattox, was one of the most inspiring events in history, for both were great Americans. They had that calmness to forget their differences and to give their word for peace that meant more than any elaborate signed statement.

Just Folks

FRIENDSHIP'S SOURCE

Oh what is it that makes the friend

We cherish to our journey's end?

Not merely flesh that can be weighed,

Measured and in fine dress arrayed,

For there are those of size exact

Which off from us but scorn attract.

So, friendship constant, unafraid,

Must be of subtler substance made.

What is it unto which we cling

And give our hearts to cherishing?

Not outer looks, for all have learned

That love is not with those concerned,

But deeper seeks the shining eye,

Sure understanding of a sigh

And, that which is more precious still,

Devotion through both good and ill.

Just hear a name! What comes to mind?

More than the passing strangers find?

The spirit underneath the smile,

The strength that walks the extra mile

For company when need is great,

The willingness to share our fate

And strength on which we can depend,

These are the symbols of a friend.

VIETNAMESE HOLD MEET ON U. S. PROBLEM

SAIGON, South Viet Nam (AP) — Lt. Gen. Nguyen Khanh, Viet Nam's military commander, and his general staff flew to the seaside resort of Cap St. Jacques today for conferences apparently aimed at ending the deadlock with the United States.

The United States has been holding back an estimated \$600 million offer of expanded aid for Viet Nam since Khanh and his generals ousted the civilian High National Council on Dec. 20 and arrested a number of political leaders.

The United States has demanded that the council, which was South Viet Nam's provisional legislature, be reinstated in some form. It also wants the political prisoners released.

MAY BOLT U.S.

Khanh has hinted that he is ready to do without American aid rather than give in to Washington's demands.

Chief of State Phan Khanh Suu and Premier Tran Van Huong issued a communique Monday calling on Khanh and his followers to restore the national council.

Suu and Huong were not ousted in the military purge, but they said it had shaken the foundation of their government. Both were named by the High National Council.

CAZ RUSSELL SENSATIONAL IN THE GARDEN

By DICK COUCH

Associated Press Sports Writer

Sensational performances by Michigan whiz Cazzie Russell and Wichita All-America Dave Stallworth have kept the holiday ball rolling for the nation's top two college basketball powers.

Russell rattled Madison Square Garden boards for 36 points, leading the No. 1 ranked Wolverines over stubborn Manhattan 90-77 in a first-round game of the ECAC Holiday Festival at New York Monday night.

Stallworth, meanwhile, scored 20 of his 29 points in a second-half rally that shot No. 2 Wichita past previously-unbeaten Villanova 86-74 and into the finals of the Quaker City Tournament at Philadelphia.

TOP TEAMS BUSY

Nine of the top ten teams in The Associated Press ratings went to the post in tournaments that blanketed the country. The only losers were Illinois and St. Louis, beaten by other members of the select group.

St. Joseph's of Philadelphia, which crashed the top ten for the first time on this week's ballot, outlasted the sixth-ranked Illinois 75-71 — after blowing a 16-point lead — and gained the Quaker City finals opposite Wichita. The unbeaten, 10th-ranked Hawks have won nine starts—including victories over then nationally ranked Davidson and St. John's, N.Y.

St. Louis, No. 9, fell 98-68 before a furious second-half rush by seventh-ranked Indiana in the opening round of the Memphis State Classic. The Hoosiers, 8-0, meet the host team, 95-92 overtime victor over Southern Methodist, for the title tonight.

SCARE FOR GOPHERS

Minnesota and San Francisco, only other unbeaten clubs among the national leaders, advanced in West Coast tournaments but unheralded Washington threw a scare at the third-ranked Gophers before bowing 77-76 in the first round of the Los Angeles Classic. The fifth-ranked Dons matched Minnesota's 7-0 record by smothering Pepperdine 102-64 in a WCAC tournament contest.

Fourth-ranked UCLA, unbeaten Utah and Iowa joined Minnesota in the Los Angeles semifinals. The Bruins ran their winning string to seven after an opening loss to Illinois by whipping Arizona 99-79. Utah, 9-0, nipped Michigan State 71-65 and Iowa defeated Southern California 71-65.

Duke's no. 8 Blue Devils, idle Monday, seek their sixth victory in seven starts at Ohio State Wednesday night.

7TH WIN IN 8

Russell, Michigan's 6-foot-6 backcourt ace, scored 22, first-half points, hitting on 10 of 15 shots from the floor, to pace the Wolverines to a 45-39 halftime margin. The Big Ten favorites wrapped up their seventh victory in eight decisions with a 17-2 burst midway in the second half, Russell contributing seven more points.

Caz finished with a 15-for-22 night from the field, six of seven free throws, 13 rebounds and five assists.

Bill Bradley, Princeton's All-America and Olympic star, matched Russell's 36 points as the Tigers outran Syracuse 79-69 in another ECAC first-rounder. Princeton meets Michigan and once-beaten Cincinnati plays St. John's in Wednesday's semifinals. The Bearcats ripped Temple 83-56 and the Redmen edged LaSalle 78-71 Monday.

PULL AWAY AT FINISH

Wichita, beaten only by Michigan in eight games, overtook Villanova on consecutive three-point plays by Stallworth and Kelly Fife with 13½ minutes to play and pulled away in the final 10 minutes. Dave Leach netted 21 points and Pete 16 for the Wheatshockers. Jim Washington scored 23 of Villanova, now 8-1.

Cliff Anderson and Tom Duff scored consecutive baskets in the closing minutes, giving St. Joseph's a 71-69 lead, after the Illinois had stormed back into contention with spurts of eight and 10 straight points.

Anderson led the Hawks' balanced attack with 17 points, three less than Illinois' 6-8 Skip Thoren.

Indiana trailed St. Louis by six points early in the second half before the Van Arsdale twins — Dick and Tom — combined for nine straight points that set off the Hoosier fireworks. Jon McGlocklin paced Indiana with 29 points and Dick Van Arsdale added 18.

FRANKFORT, Ind. (AP) — Willard A. Knapp, 79, who retired in 1956 after 48 years on the engineering faculty at Purdue University, died Monday. He was born in Pratt County, Illinois.

Withstand Rally To Win 83 To 77

EAST STROUDSBURG, Pa. (AP)—Drexel Tech withstood a second-half rally by East Stroudsburg State Monday night to score an 83-77 victory in the Pocono Classic Basketball Tournament.

Drexel (4-0) plays Kings (Pa.) tonight for the championship. Kings defeated Jersey City State in the first round.

East Stroudsburg, down by 14 points early in the second half, closed to within one, 55-54, but couldn't take the lead.

Bob Ferguson and Ron Forsy led Drexel with 20 points each. Dennis Marchandis scored 21 for the losers.

FINLEY SEES NEW ERA FOR KC ATHLETICS

KANSAS CITY (AP) — Charles O. Finley, who considers himself a good salesman, has sold season tickets to each of the 12 city councilmen and he calls it the opening of a new era for his Kansas City Athletics.

Hanging over the city now is a goal of 5,000 season tickets to be sold in the next few months.

The Chamber of Commerce and city officials pledged full cooperation in the campaign following an amicable meeting with Finley Monday.

DROPPING LAWSUIT

Finley, who made his fortune selling insurance, hadn't gotten to first base with his ticket drive prior to the meeting. Civic leaders were aloof because Finley was pushing a lawsuit that would give him an escape clause to move the baseball club to another city.

At Monday's session Finley told the council he was dropping the lawsuit. He promised that the club would stay in Kansas City for the three-year duration of its stadium lease.

"I hope the attendance will be good enough that we will stay for many years," Finley said.

Mayor Ius W. Davis said dropping the litigation "clears the way for us to participate in this campaign. I hope we can sell 5,000 season tickets. The way to keep this club here is to support it."

Then the councilmen signed their ticket orders.

2 CLUBS DENY GIVING BONUS TO GRIDDEERS

By THE ASSOCIATED PRESS

Officials of the Buffalo Bills and Baltimore Colts denied reports Monday that their players were rewarded with incentive bonuses for victories.

Both American and National Football League rules prohibit bonuses for winning a game or a title.

Ralph Wilson, president of the Bills, denied a report that he had given each player \$2,000 for beating the San Diego Chargers for the AFL title Saturday.

AFL Commissioner Joe Foss said Wilson called him to say it was not so.

INCENTIVE PLAN

The Baltimore News-American, in a story written by sports editor John Steadman, said owner Carroll Rosenbloom of the Colts distributed \$100,000 among his players "as a reward" for winning the NFL's Western Division title. The Colts lost the championship playoff to the Cleveland Browns 27-0 Sunday.

"This means," Steadman wrote, "that each man collected \$2,500 in unofficial money from the Colts' organization."

General Manager Don Kellest of the Colts said the report was "absolutely untrue."

Rosenbloom refused to comment.

"We have an incentive plan," said Kellest, but he denied the plan had anything to do with the title.

"CAN BE GIFT"

Steadman said the money "can be a gift or even a gratuity for professional services rendered."

He said several Colts confirmed they received the extra compensation. The Colts will receive about \$5,000 anyway for their losing effort in the championship game.

NFL Commissioner Pete Rozelle said he would check into the Baltimore report as a matter of course but said he had not made any attempt to reach Rosenbloom yet.

WEAPONS MISSING

BANGKOK, Thailand (AP) — More than 100 weapons ranging from pistols to machine guns are missing from the Thai air force arsenal, police said today. The weapons were believed to belong to the U.S. Army.

GHS-Alumni Game Tonight; Other Contests

Annual games against alumni teams will feature tonight's scholastic basketball schedule.

Gettysburg (3-2), Biglerville (3-4) and Bermudian (3-4) will tangle with stars of yesterday.

The Gettysburg-Alumni game will start at 7:30 with the Alumni squad members asked to report at the gymnasium not later than 7 o'clock.

Deleone Catholic (3-2) opens its Central Penn Catholic League season against Trinity at McSherrystown. Trinity is a new member of the league.

The Biglerville High wrestling squad will take part in the fourth annual Northern tournament at Dillsburg tonight and Wednesday. Preliminaries this evening will start at 7 o'clock with semi-finals Wednesday at 2 p.m. and consolation and championships in the evening at 7.

In addition to Biglerville other schools participating include Northern, Camp Hill and Big Spring, of the Blue Mountain League; Cumberland Valley, Carlisle, Central Dauphin and Middletown from the Harrisburg Area circuit.

9-POINT AVERAGE

The host Titans, who have averaged around 96 points-a-game for two years, were held to a 26-24 halftime lead by Valparaiso, a team from run-and-shoot Indiana country.

Substitute Jim Boyce and Lew Hyatt kept Detroit in the game. Hyatt, who led the Titans with 18 points, broke an 18-18 tie with a corner jump shot with 5:38 to go in the first half.

Detroit never trailed again. The Titans, who have scored more than 100 points three times this year, never got more than eight points in front of Valparaiso.

ICED BY SAUNDERS

Houston led cold-shooting Penn State most of the first half despite the absence of starter Jim Jones and reserve Wayne Ballard. They were benched by Coach Guy Lewis for missing a Sunday night bed check at a Detroit hotel.

The Cougars, hitting on 40 percent of their shots, held a 26-25 margin until 1:51 of the first half when Bob Weiss gave Penn State a 28-26 halftime lead on a three-point play.

The Nittany Lions scored seven straight points at the start of the second half. But Houston, led by Joe Hamood, kept whittling away at the nine-point margin. Hamood finally put the Cougars ahead 57-55 with a pair of free throws with 2:01 to go.

But Penn State's Ray Saunders hit three straight charity tosses to ice the game.

SYRACUSE OUT TO ERASE '53 LOSS IN DIXIE

NEW ORLEANS (AP) — Ben Schwartzwalder, the onetime paratrooper who guides Syracuse on the gridiron, is a man with a mission.

He wants to prove to the world that the brand of college football played in the East is up to par with the kind played in Dixie. He'll get his chance when his Orangemen meet Louisiana State in the 30th renewal of the Sugar Bowl classic Friday.

The last time Syracuse played a Southeastern Conference team was in 1953 and Schwartzwalder would prefer to forget that game.

DISASTER IN 1953

Alabama stunned the Orangemen 61-6 and — in Schwartzwalder's words — "set Eastern college football back 10 years."

That decade is up and Schwartzwalder says his team knows "they'll have to play well to hold up their end."

On Syracuse's great sophomore halfback, Floyd Little, will ride much of the Orange hopes for a Sugar Bowl victory.

Little, a bow-legged 193-pounder, picked up 828 yards in 149 carries for the best performance by a sophomore in Syracuse history. That means he was better in his first year than Jimmy Brown and Ernie Davis.

Little says being bow-legged helps his balance.

"Other guys hit you from the side, one knee hits the other and they go down . . . but my legs won't straighten," Little said at Syracuse's training camp in Pensacola, Fla.

The New Haven, Conn., product scored 12 touchdowns this past season, five coming against Kansas.

PENN STATE TO FACE DETROIT THIS EVENING

DETROIT (AP) — It will be host Detroit against defending champion Penn State tonight in the finals of the 13th annual Motor City basketball tournament.

Both teams survived first round ball control tactics Monday to gain the finals. Detroit nipped Valparaiso 59-56 while the Nittany Lions overcame a Houston rally to edge the Cougars 59-57.

Valparaiso and Houston, whose stalling offensive tactics often drew catcalls from the crowd of 5,721 fans, are matched in a consolation game for third place.

CHURCHICH VS. MARSHALL IN COTTON BOWL

DALLAS (AP)—There's a difference in their ages and experience but the quarterbacks of the Cotton Bowl game have a great deal in common when it comes to playing football.

It was the third game of the season before each took the chance to show what he could do.

Nebraska, under sophomore Bob Churchich, rolled to a 9-1 record.

Arkansas, under five-year senior Fred Marshall, never lost a game.

INJURY BROUGHT CHANCE

Churchich got to show his stuff when the regular quarterback, Fred Duda, went out with an injury.

Marshall, who had become the starting quarterback on the basis of what he did in spring training, was terrible in the first game against Oklahoma State.

He suffered a shoulder injury, to be sure, but that was part of the excuse to hold him out of the second game — against Tulsa.

This and the fact that he had been too tight, had overshot his receivers and had gained only seven yards running with the ball.

Coach Frank Broyles wasn't going to put him back in because of the possibility of wrecking his football career.

Two bad games in a row would have meant the finish.

GOT SWINGING

Then Broyles tried him against Texas Christian in the third game of the season and he came through. He ran, passed and directed Arkansas to a 29-6 victory.

From then on there just wasn't any doubt about who would be the Arkansas quarterback. Marshall compiled 1,094 yards in total offense, passed for four touchdowns, scored three and made the All-Southwest Conference team.

Churchich was untested the day he was called upon to take over for the injured Duda. But that didn't last long. He got the Cornhuskers swinging down the championship lane. He scored four touchdowns, passed for seven, ran for 152 yards and threw for 893.

57 Nominated For Widener Handicap

MIAMI, Fla. (AP) — Hialeah Park reported today that 57 horses have been nominated for the \$100,000-added Widener Handicap at 1¼ miles to be run on Feb. 20.

Among the nominees are 24 winners of 57 major stakes races this year, headed by Tosmah, America's leading mare, with nine victories.

Florida's ace 3-year-old, Roman Brother, winner of six stakes this season, is scheduled to come here for the Widener after the Charles H. Strub Stakes at Santa Anita Jan. 30.

Deadline for supplementary nominations at \$5,000 each, is Feb. 10.

PATRIOTS AND 49ERS BATTLE FOR

Belgians Failed To Prepare Congolese For Independence

EDITOR'S NOTE — With virtually no preparation, the Congo was catapulted into independence four years ago. The results have been sometimes comic, often disastrous. An AP correspondent, who visited the Congo before independence and now four years later, describes the nation's efforts at survival. Second of three articles.

By SAUL PETT

AP Special Correspondent

LEOPOLDVILLE, the Congo (AP) — Like so much else in the Congo, there is a primitive religious sect in the east which invites both smiles and tears.

It is called the Kiawala sect, whose idea of the Genesis goes something like this:

In the beginning, God had three sons and a daughter. They were all colorless until God grew bored with this. So he gave the sons the colors of the rainbow to choose from.

WHITE EUROPEAN

The eldest chose to be white and was given a rifle and went to live in Europe. The second son became tan — Arab — and went to live in Zanzibar with a muzzle-loading gun not as good as the rifle. There was nothing left for the third son and he became black and went to live in the Congo armed only with a bow and arrow.

This son became God's favorite and was given the daughter in marriage and they had many children, one of whom was called America. America was carried off into slavery by the son in Europe to a distant land where he invented the automobile, the refrigerator and the transistor radio.

AWAITS JUDGMENT DAY

On Judgment Day, America will return to the Congo and give all the descendants of his parents automobiles, refrigerators, radios and all the other good things he invented.

Judgment Day still eludes the Congo, which like many places in Africa has been treated cruelly by history. For centuries it was allowed to sleep until the white man came and grew rich here and then, after 80 years, the Congo suddenly became independent and found itself rushing into the 20th century with scarcely enough preparation for the 16th.

BLACKS STILL WALK

Thus, the average black man, poorer now after four years of disillusioning independence, still walks while the white man rides, still lives in a shack of mud hut while the white man enjoys a big house. The black

man has been known to approach whites and ask for their "intelligence pills" as the only sure key to the white world.

The Belgians gave many Congolese the equivalent of a fifth-grade education and they fed and paid them better than most Africans under colonial rule. But unlike the British and the French, the Belgians gave their rich colony no preparation for independence. When it came suddenly four years ago, there was not a single Congolese college graduate, not one doctor or lawyer or engineer or military officer or man with any government training higher than that of a postal clerk.

200 DIFFERENT TRIBES

Now, there is a handful of graduates in these fields in a country with a population of 15 million and a size 80 times the area of Belgium. It is nowhere near enough. And so, four years after independence, the Congo has no sense of being a nation, no central government or army which can function without foreign help. And it is still plagued by the feuds and dialects of more than 200 tribes with the result that on one 300-mile stretch of railroad, the train crews must be changed seven times. Crews from alien tribes would be slaughtered.

For the average Congolese, four years of independence have meant almost four years of bloody genocide in wars of secession and rebellion, riotous graft and ineptitude in government, fewer jobs, fewer medical facilities, fewer goods and galloping inflation.

FOREIGN-OWNED MINES

The rich copper mines, the palm oil, rubber and coffee plantations still are owned by the Belgians and other Europeans.

Most of the stores and small businesses are still owned by Greeks, Indians and Portuguese. Most of the Congo's white population has fled but those still here because of the profits continue to do well financially.

Among black men, only the 50,000 Congolese who have replaced the Belgians in government jobs are doing better economically. But the black bureaucrat is still largely untrained with the result that the government of the Congo, by Western standards, is often government by slapstick.

PASSION FOR ARGUMENT

Like many Africans, the Congolese politician has a passion for argument but not decision. Thus, the Parliament argued for

four years about a flag and motto. They finally got the flag design only because President Joseph Kasavubu lost his patience and arbitrarily decided on one. There still is no motto.

Graft in the Congo has a quaint simplicity. A customs inspector simply holds up your bag until you bribe him. A city policeman courteously salutes and shakes and before he shakes you down for a real or imagined traffic violation.

Last spring, the cabinet of the province that includes Stanleyville casually voted itself and drew two years "severance pay," about \$126,000 — while still in office. Before that, they had pocketed a reported \$360,000 intended for police and teachers who went unpaid. The cabinet was only recently fired.

TEACHERS UNPAID

Many teachers throughout the Congo went without salary for two years until they finally went on strike. The central government had sent the money but it never reached them. Estimates of that larceny ranged from \$40 million to \$50 million.

Western diplomats estimate the strength of the Congolese army at roughly 30,000. The estimate is very rough because local garrisons frequently exist on paper while their commanders pocket the payroll.

And now, along with the bitter confused fruits of independence, the bloody rebellions and secessions, the chaos and graft of government, a new element has appeared in the Congo. It is the cold war.

The United States supports the Moise Tshombe government as the only one available with a chance of governing. America sends about \$50 million in aid a year, mostly in agricultural surplus.

The Red Chinese are evidently here, too. Their guns and propaganda have shown up among the rebels. If they increase their aid, the United States may be forced to increase its involvement. And the poor bewildered natives in the Kitawala sect may be obliged to rewrite their pathetic history of the world to include the name of a place they never heard of. It is called Viet Nam.

NEGROES WIN CASES AGAINST DENTIST, POOL

HARRISBURG (AP) — The State Human Relations Commission announced Monday that it intends to order a Wilkesburg dentist to accept Negroes as patients.

At the same time, the Commission said two Western Pennsylvania swimming pool operators have agreed not to bar persons to the pool because of their race.

The Commission made public facts gathered last Dec. 17 and 18 at hearings involving discrimination complaints against Dr. Merrill J. Elias, and Michael and Joseph Cabot, operators of a swimming pool at Shady Grove Park, Lemont Furnace R. D. 1.

SERVICES REFUSED

Mrs. Maxine Buefort complained to the Commission that Dr. Elias refused to treat her five-year-old Negro daughter because of her race.

The Commission examiners informed Dr. Elias that it intends to issue a formal order directing him to guarantee "equal service to the public."

Dr. F. L. Vaughns, a Negro dentist from Uniontown, filed the complaint against the swimming pool operators.

He told a Dec. 17 hearing that he and a group of Negro teenagers were barred from entering the pool on two occasions — July 1 and July 4.

RULE IN MILK CASE

HARRISBURG (AP) — Commonwealth Court has dismissed an objection by Bloomsburg Dairies, Inc., to complaints that it is selling milk without a license and selling it at a price lower than the minimum set by the state.

Instead, the court Monday ordered the dairy to file an answer to the complaints registered by the State Milk Control Commission.

Free Coffee On 'Pike On Thursday

HARRISBURG (AP) — There'll be free coffee available to motorists traveling the Pennsylvania Turnpike between 10 p.m. New Year's Eve and 7 A.M. New Year's Day.

The Turnpike Commission announced Monday that the restaurants located at each rest stop along the toll road have agreed once again to provide the free Java.

"The plan of providing free coffee for our patrons on New Year's Eve was put into effect recently as a safety measure and the results have been more than satisfactory," said Joseph J. Lawler, Turnpike Chairman.

Troy Business Gets Small Loan

WASHINGTON (AP) — Loans totaling \$30,400 have been approved by the Small Business Association to further expansion of a small business in Troy, Pa., the office of Sen. Joseph S. Clark, D-Pa., announced Monday.

The loans will help the Troy Area Industrial Development Corp. acquire space and equipment to create 10 new jobs for Iron Cast, Inc.

Picks Up Idea Of Pa. Toll Highways

PHILADELPHIA (AP) — Mayor James H. J. Tate, a Democrat, picked up the ball from Gov. Scranton, a Republican, and suggested a few candidates for the network of toll roads advocated by Scranton.

The Governor had suggested that future highway construction in the state might need financial help from the imposition of tolls on some future roads and bridges.

Tate, in a news conference Monday, mentioned the proposed Tacony Creek Expressway, to serve as a feeder-road to a new bridge linking Philadelphia with Delair, N.J., across the Delaware River.

"It may be," Tate said, "that the Governor may want to study this as a toll highway for the use of which motorists would pay 10 cents or 25 cents."

PRICE HIKE AIDS UNION DEMAND

PITTSBURGH (AP) — United Steelworkers President David J. McDonald thinks the recent round of steel price increases will enhance his union's contract demands of the steel industry.

"The price increases should put the industry in an even better position to meet the urgent needs of steelworkers," McDonald said Monday.

"Even before the price increases were announced, the industry was in an excellent position to meet the needs of its employees as well as reward them for their increased production," he said.

A number of steel companies have hiked the price of some galvanized products by \$6 a ton within the past week.

McDonald also said he has called for a meeting of the union's executive board for Jan. 4. Contract negotiations between the USW and the basic steel industry will resume in Pittsburgh Jan. 5. They had been recessed for the holidays.

Economists See Bountiful Future In Early New Year

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP) — This year has been so good that fears are felt in many quarters that next year may seem like a let-down because the public is inclined to expect too much of it.

The federal administration reportedly is getting plans ready for any such slump in confidence — plans to stimulate the economy with more tax cuts or greater spending if the pace falters when compared to this year's fast growth.

Almost all economists in and out of government agree, however, that the first few months of 1965 will be even more bountiful than the final ones of 1964.

SPECIAL INCIDENTS

They cite the special incidents that held back the economy in the autumn, particularly the auto strikes. And they cite special reasons the first few months of 1965 will be more active than they normally would — such as pent-up demand for autos due to the short supply in the closing weeks of 1964, and fear that labor trouble in steel could cut off metal shipments in May.

After that — there's the rub. And that's one reason economists are varying so widely just now in their predictions for 1965 as a whole.

Any letdown after these special stimulants are withdrawn might make both businessmen and consumers nervous. If the fast growth rate of the economy in 1964 — now put at around 7 per cent — slows down perceptibly in late spring, business could pull in its horns, consumers might worry and postpone some purchases.

There are other hazards that economists see ahead, without

being sure that real cures are in sight.

The labor force will grow rapidly next year. Much of the growth will be from youths untrained for the jobs mechanized industry offers. The great hopes now being expressed, that the economy will grow fast enough to absorb all the newcomers seeking jobs, may be dashed. And the public is notorious for changing quickly from too much confidence to too much caution.

INFLATION UNLIKELY

Inflation isn't a problem now and seems unlikely to be in the months just ahead. But beyond that a number of economists are far from reassured. They cite the recent scattered rises in some basic materials. They note that the auto labor contract and the one the steelworkers are expected to seek could push production costs up faster than factory efficiency is increasing. All this could lay the seeds for future inflation.

Other economists, especially those employed by the banks and other financial institutions see as far from allayed as yet the international financial problems which reached the crisis stage in November when the British pound was tottering. Measures that may still have to be taken to get the pound back on a sound basis, and to keep the dollar from catching the infection, are still uncertain. And drastic measures could upset the American economy as well as that of other non-Communist nations.

Most geologists believe the earth's interior is a mighty furnace, producing prodigious heat through the breakdown of radioactive elements such as uranium and thorium.

Conventional Aircraft Play Big Role In South Viet Nam War On Commies

EDITOR'S NOTE — Helicopters have been used so freely in Viet Nam that it is sometimes called a helicopter war. But air strikes by conventional aircraft play a big part in operations, as this story of a typical strike discloses.

By PETER ARNETT

BIEN HOA, South Viet Nam (AP) — The quartet of Skyraider fighter-bombers cruised the leaden Mekong River delta skies like sea gulls.

Suddenly they became hawks. One of the chunky, gray planes peeled off from the formation and dived abruptly at a tangle of trees and huts at a canal intersection in the paddy-fields 5,000 feet below.

The young Vietnamese pilot smiled grimly as he rammed the stick forward in the screeching power dive. U.S. Air Force adviser Capt. James T. Harwood of Jonesboro, Ark., already had selected the armament.

FIERY DEATH It was the fiery death, napalm.

"Keep your eye on the far tree line," Harwood told the pilot over the intercom as he watched the altimeter. As the ground rushed up at them there was the familiar crackle of Viet Cong gunfire.

At 100 feet, the pilot jerked back on the stick, his face contorted with the G-forces dragging at him.

A split second later, at 300 knots, they were over a cluster of huts. Two cylinders dropped from the Skyraider's wings.

For 20 seconds a ball of fire raced among the huts as the jellied petroleum sought out holes and crevices where the Viet Cong were hiding.

CLIMBS STEEPLY The Skyraider was well on its way, climbing steeply above the cloud of black smoke on the ground.

"You rolled that stuff among

them pretty well," Harwood told the pilot.

The second of the death-dealing quartet already was on its way down.

It was loaded with 500-pound bombs known as "daisy cutters" because of the steel probe welded onto their noses. They detonate before they penetrate the ground.

The Vietnamese pilot was cautious. He released a bomb at 2,500 feet and then pulled out of the dive. Five seconds later the planet rembled as the bomb exploded, leaving a huge crater where a hut once stood.

DOING FIGURES The two remaining planes were figure-eighting their way onto the target on strafing runs.

Three passes later the quartet left the shambles and flew back to Bien Hoa base.

This mission was over. The results?

The forward air controller, who had pinpointed the target with smoke rockets thrown from a tiny spotter plane, reported 10 structures destroyed and seven bodies sprawled in the wreckage.

"Better than fair," Harwood commented when he heard the report.

14,343 SORTIES

This mission was one of 14,343 sorties flown by the Vietnamese air force against the Viet Cong in four months. Four squadrons — each with 25 planes and based at Bien Hoa, Saigon, Pleiku and Da Nang — flew the missions.

About 6,000 U.S. Air Force men help the Vietnamese fly their combat missions. American ground crews take care of the Skyraiders, which have two seats — one for the Vietnamese pilot and another for the American adviser. Single-seat Skyraiders flown exclusively by the Vietnamese are serviced by Vietnamese.

Each month the Skyraiders drop 6,500 tons of explosives on

A Lovelier You

By MARY SUE MILLER

A teen lovely asks: "How can a girl lose weight when she's stuffed with macaroni, mashed potatoes and tapioca pudding? That's the kind of lunch we get at school. Then mother keeps at me at home. Says she, 'You

need lots of nourishment. You're a growing girl.' Well, I'm growing all right—around, not up.

The Answer: In order to serve the needs of the majority, school lunches are apt to be hefty. But there's no rule that says you must eat everything on the menu. You can forego bread on macaroni days. Instead of having a weighty dessert, you can bring a piece of fruit from home.

By such gambits, you could cut 1,200 or more calories from your weekly total. And it is quite safe for an overweight girl to eliminate up to 3,500 calories a week. That cut takes off one whole pound.

So, if you want to lose the full pound, you obviously must look outside the lunch room for ways to drop 2,300 additional calories. You might begin your search in the snack department. Snacking accounts in large measure for most teen overweight. If you had a no-cal drink and some cheese crackers instead of a gooey, you would save at least 300 calories. In a week, the savings amounts to 2,100 calories. Probably many more.

All this gets you off the hook with mother. You can enjoy the meals she serves—the foods she knows you should have—in good conscience. Then you're both happy. You grow—taller and slimmer.

BISHOP AGREES WITH PRIEST

PHILADELPHIA (AP) — A prominent Protestant churchman says he agrees with a high Roman Catholic prelate that the Catholic Church holds to the principle of religious liberty even without formal endorsement from the Vatican Council. Methodist Bishop Fred Pierce Corson, president of the World Methodist Council, and the most Rev. John J. Krol, archbishop of Philadelphia, made their views known Sunday in a report on the third session of the Vatican Council on a local taped television program (WRCV-TV's "Goal of Life").

The failure of the council to act on a proposed schema on religious liberty was "a question of rules of parliamentary procedure," Archbishop Krol said. RIGHT TO REJECT

Bishop Corson said that, regardless of the formal statements on the subject, the "right to reject has always been recognized on the part of an individual" by both Catholic and Protestant faiths.

Action on the document was postponed until the next session of the council.

Bishop Corson has attended all three sessions of the Vatican Council as an observer. Archbishop Krol has worked with the council as an undersecretary.

Both agreed that the work of the council was going "forward" although not so fast as some had hoped. Bishop Corson said he expected the council to "re-establish lines of communication" that have been broken by the Catholic-Protestant split.

Seeking Better Pier Facilities

PHILADELPHIA (AP)—Two local Maritime trade groups have warned that, unless pier facilities in the Port of Philadelphia are improved, much of the sea trade may go to other ports.

This could have a depressing effect on Philadelphia's economy, said the Philadelphia Maritime Exchange and the Joint Executive Committee for the Improvement and Development of the Philadelphia port area.

Harry G. Schad, committee chairman, said foreign general cargo produces revenues of more than \$80 million a year. He said other Eastern ports are improving their facilities and trade in them is growing. Schad said Philadelphia port facilities are antiquated.

22 Beauties Seek "Maid Of Cotton"

MEMPHIS, Tenn. (AP) — Twenty young beauties vying for the honor of Maid of Cotton begin a frantic two-day schedule of interviews, photograph sessions, public appearances and social events Monday.

The new maid will tour the world as goodwill ambassador for the cotton industry. She will succeed Katy Sue Meredith of Andalusia, Ala., last year's winner.

PILOTS TO STRIKE

CHICAGO (AP)—The Airline Pilots Association said Monday pilots have voted to strike against Mohawk Airlines.

The spokesman said no strike date had been set.

The management-labor dispute has gone through the routine required under the Railway Labor Act and the dooling-off period will end Jan. 8. Thus, if a strike date is set, it could be any time after Jan. 8.

MAY PROPOSE PA. TOLL ROADS

HARRISBURG (AP) — Gov. Scranton believes that future road construction in Pennsylvania may have to be financed partly by a network of toll roads.

"Just raising the (license) fees for motor vehicles isn't going to do the job," Scranton said over the weekend.

He said it would take a combination of higher motor vehicle fees, borrowing and tolls to finance state road construction in the years ahead.

Scranton said in his interview with the Philadelphia Inquirer that only future construction could come under a toll system since present roads now free cannot be converted to a toll status.

He noted that New York and New Jersey already finance much of their road construction in this fashion, particularly in the urban areas.

Say Landlubbers Get Hazard Pay

WASHINGTON (AP) — Government auditors have told Congress the Navy is illegally giving about \$1 million a year in hazardous duty submarine pay to staff personnel working primarily on shore or on surface ships.

Comptroller General Joseph Campbell said, however, that no such payments will be questioned by the General Accounting Office until next March 1 in order to give the Navy time to adjust personnel assignments or ask for new legislation.

Campbell said the \$1 million figure was a projected estimate based on payments actually made to 40 officers and 55 enlisted men during the 12 months ended June 30, 1963.

WINTER GRIPS ALL OF EUROPE

LONDON (AP) — Almost all Europe lay in the icy, freezing grip of winter Monday.

It snowed even as far south as Rome. In many lands icy roads brought chaotic and treacherous conditions for motorists and there were power blackouts with shutdowns of electricity and gas supplies.

The weather was blamed for five deaths in France, as many in Britain, and others throughout Europe. Road deaths since Christmas Eve included 108 in Britain and 91 in France.

Many sporting events were canceled. Continental temperature readings included 16 degrees in Amsterdam, 23 in Paris, 19 in Brussels, 23 in Moscow and 2 in Oslo.

PITTSBURGH (AP) — National Steel Corp. joined several other companies today in announcing a \$6 a ton increase on galvanized sheet product.

The price changes on galvanized sheet at National's Weirton Steel Division, Weirton, W. Va., and Midwest Steel Division, Portage, Ind., are effective Dec. 29.

NEW BATTLE ON BUSES LOOMING

HARRISBURG (AP)—Administration sources said over the weekend that Gov. Scranton intends to reintroduce legislation to provide parochial and private school students with bus transportation.

The legislation proposed to the 1965 General Assembly basically would be the same as that introduced last year, but which failed to pass, the sources explained.

The school bus bill would be mandatory, they added.

It would require public school districts now providing bus service to make the same service available "along existing routes" to the nonpublic school pupils.

The plan is expected to cost \$6.7 million. The state would be obligated for \$3.7 million and the local school district the remainder, the spokesmen said.

\$45,000 Worth Of Mink Pelts Is Stolen; Police Almost Destroy Balance

NEW YORK (AP) — A truck loaded with \$85,000 worth of mink pelts was stolen from the heart of Manhattan's fur district Monday. But two Johnstown, Pa., mink ranchers could hardly believe it—at first.

"The police probably hauled it away for a (parking) violation," Edward Bogus, 45, told fellow rancher Richard J. Stuver, 28, owner of the pelts.

They went to a police station a block away and inquired.

No, police didn't have the truck—not just then. But a little more than an hour later two patrolmen, given a radio alert to the missing truck, came upon it double-parked about 10 blocks from where it had been. The back door was open and about half the cargo—some \$45,000 worth—was gone.

FEAR NEW LOSS

The truck was driven to a police station where six cartons containing the pelts were taken inside and placed alongside a hissing steam radiator.

"Oh, my God!" exclaimed Stuver when he arrived to claim his merchandise. "Those pelts are going to perish with that steam."

He started to lift one of the cartons but was told to leave it be—"that's evidence."

"Look," Stuver pleaded, "this stuff has to be where the temperature is no more than about 39 degrees."

Understanding police allowed him to reload the minks back on the truck.

The Pennsylvania ranchers had driven to New York with \$500,000 (wholesale) worth of pelts but had delivered \$415,000 worth, owned by Bogus, before the truck was taken.

Ask More Money For Relief In Pa.

HARRISBURG (AP) — The Pennsylvania Citizens Council wants the state to increase its relief appropriation next fiscal year and it presented the Welfare Department with 214 resolutions and 1,600 signatures to support its position.

Thomas S. Quinn, council president, told welfare secretary Arlin M. Dams Monday that increased public assistance grants are necessary to improve the "substandard living conditions" of those on relief.

The supporting resolutions came from 214 statewide and local organizations and similar petitions were signed by 1,600 individuals, he said.

Quinn maintained that welfare grants in the state fall \$70 million short of meeting what is accepted to be the amount necessary for the minimum standard of health and decency.

NAME SCHOOL HEAD

HARRISBURG (AP) — Mervin D. Rudisill, 54, was named Monday to succeed the late Dr. L. J. Fink as Dauphin County school superintendent. He had served as assistant superintendent since July, 1954. Dr. Fink died earlier this month.

ADVERTISE IN THE TIMES

Says Education Losing Objective

PITTSBURGH (AP) — Educators are stressing subjects of their own particular interest and are ignoring the over-all objectives of education, according to Dr. Glenn J. Christensen, vice president of Lehigh University.

Dr. Christensen, who also is provost at the university, told the Pennsylvania State Education Association's convention in Pittsburgh Monday.

"Education suffers because of our partial loyalties... The damage comes not from our being only partly loyal, it comes from our being completely loyal to a part rather than to the whole."

"The problem is not that we are only partly loyal to education, but that we are partially loyal to that part of education which we happen to have chosen as our own."

Dr. Christensen urged teachers and educators to take a broader look at the teaching process.

"We have lost sight of our objectives," he said.

Duke Of Windsor Takes Auto Ride

HOUSTON, Tex. (AP) — The Duke of Windsor took a one-hour automobile tour of Houston Monday and when he returned to Methodist Hospital he said he enjoyed the outing "very well." It was the first time he had left the hospital since undergoing an abdominal operation Dec. 16.

The former king of England was accompanied by the duchess, hospital administrator Ted Bowen, nurse Pat Temple, and a driver.

The duke, who is 70, is expected to leave the hospital soon. He has been making "excellent progress in all respects," a medical advisory said.

Change Of Venue Denied By Court

READING, Pa. (AP) — Berks County Court Monday dismissed "without prejudice" an application by former Reading mayor John C. Kubacki for a change of venue in his trial on extortion charges.

A "without prejudice" dismissal means that application can be made later.

The extortion charge involves an alleged shakedown of \$500 in the purchase of vehicles for the city.

Soft Coal Company Increases Prices

PITTSBURGH (AP) — The Consolidation Coal Co. is increasing prices by between one and two per cent in all its major soft coal markets.

Consol said Monday the price hikes will be effective next Jan. 1.

Utility grade coals and metallurgical coals will be increased five to 10 cents a ton, low volatile export coals will go up nine cents a gross ton and medium volatile coals for export will be hiked eight cents a gross ton, the company said.

The price increases coincide with a one-dollar-a-day pay raise that will be going into effect for members of the United Mine Workers.

EGYPT TO GET GRAIN DESPITE NASSER CURSE

WASHINGTON (AP) — Only five days after Egypt's President Gamal Abdel Nasser had told America in effect to take its aid and "go to hell," the United States is going through with plans to provide him with \$16,994,000 worth of surplus wheat.

The Agriculture Department issued an authorization Monday for the purchase of that amount of wheat under the Food-for-Peace program.

The department will pay cash for the wheat in the open market, and Egypt will pay for the grain in its own currency, a part of which will be spent in the United Arab Republic.

IGNORE INSULT

Although arrangements for the transaction had been made some time ago, the United States still could have stopped the deal after Nasser's speech of last week.

He accused U.S. Ambassador Lucius Battle of trying to put economic pressure on Egypt and told a cheering crowd in Port Said: "Anyone who does not like our attitude can drink from the sea. And if the Mediterranean is not big enough, we will give him the Red Sea to drink, too."

In Egyptian slang, to "drink from the sea" is the equivalent of to "go to hell."

AIDING REBELS

His outburst apparently was triggered by U.S. accusations that he is aiding Congolese rebels and intimations that future aid deals would be curtailed because of this.

Nasser said in his speech: "We have sent arms to the Congolese rebels, and we will continue to send arms because the rebels need them."

"We do not accept any words against us, and we will cut off the tongue of anyone who uses them. We do not need their money."

Washington has been supplying Nasser with about \$140 million in food yearly under a three-year agreement that expires next June 30. The Nasser government has asked for \$35 million worth for the coming year because of a serious shortage.

Some U.S. officials have indicated that the new \$35-million request will be shelved.

WOODLAND HILLS, Calif. (AP) — Bud Abbott, surviving member of the Abbott and Costello comedy team, is being treated for a mild stroke at the Motion Picture House and Hospital.

A hospital official said Monday the 66-year-old Abbott was admitted to the hospital Dec. 16. He said the comedian is doing well.

MOSCOW (AP) — A new

NEW MANSION PLAN VETOED BY GOVERNOR

HARRISBURG (AP) — The search for a home close to Harrisburg for Gov. Scranton and his family stalled Monday, but an aide indicated it may be resumed at any time.

Scranton rejected a proposal to lease a Wormleysburg property across the Susquehanna River as an official residence for the first family for the next four years.

William Keisling, assistant to the Governor, said, however, that Scranton did not rule out further inquiries into prospective sites.

HANDLED BY STAFF

Scranton was seeking a property more closely situated to the Capitol than the present executive mansion at Indian Township Gap, some 20 miles—and 30 driving minutes—distance from his office.

The state was considering renting a 3½-acre property two miles from the Capitol owned by Robert M. Mumma, a contractor prominent in Republican fund-raising activities in the Central Pennsylvania area.

Scranton nixed the deal Monday, however, when all the costs were put before him—Keisling said "for the first time." The staff was handling the negotiations, he explained.

The lease called for \$1,000 a month rent, plus insurance premiums on the property and its heated swimming pool, repairs, utilities, taxes and maintenance costs.

The latter items figured to be almost \$1,000 per month additional.

Keisling said Scranton decided that while the Mumma home would cost less to operate than the Gap mansion, the savings would not be substantial enough to warrant the lease.

M'CORMACK TO DECIDE ABOUT RULE CHANGES

WASHINGTON (AP)—Speaker John W. McCormack may decide today how far the Democratic leadership will go in cooperating with a group of liberals seeking changes in House rules and reprisals against two Southern Democrats.

McCormack was to return to Washington today. Without his support the changes sponsored by a Democratic study group headed by Rep. John A. Blatnik of Minnesota would have tough sledding in the party caucus next Saturday.

Blatnik said in an interview his group of more than 100 members intends to push its program. But he would make no prediction about the outcome before conferring with McCormack.

Persons close to McCormack represented him as being, favorably disposed to one of the major proposals of the Blatnik group. This would break the grip of the Rules Committee on legislation by limiting to 21 days the time it could block a House vote on bills approved by other committees.

To minimize the danger of possible "runaway" committees' bringing undesirable bills to the floor, the speaker would determine what measures would be taken up after a 21-day delay in the Rules Committee.

McCormack also was represented as having no objection to several other proposals involving parliamentary procedure and Democratic party organization in the House.

However, he reportedly wants to take a longer look at proposals to strip the two Southerners of their party standing and seniority, to change the membership ratio on the Ways and Means Committee and to lower the number of signatures needed to make a discharge petition effective.

work by the controversial poet, Yevgeny Yevtushenko, and composer Dimitri Shostakovich was virtually ignored by Moscow papers.

Only the Labor paper Trud reviewed the work, written by Shostakovich for symphony orchestra, bass soloist and mixed choir. He based it on Yevtushenko's "The Execution of Stephen Razin."

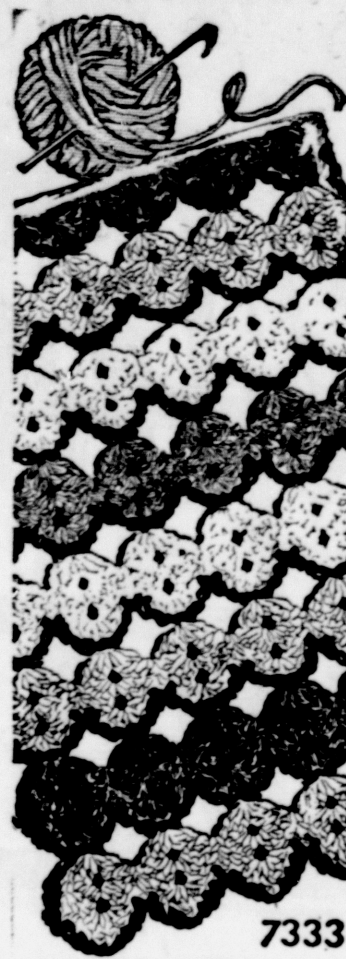

Trud praised the composition, but made no mention of Yevtushenko. Yevtushenko was denounced by former Premier Khrushchev, but later "confessed" his errors.

MANILA (AP) — Comedian Bob Hope played nine holes of golf and then put on a 90-minute show for American airmen and their families at Clark Air Base north of Manila today.

NEW YORK (AP) — Carol Burnett is back at work after 10 weeks of treatment for a back and neck injury which she says resulted from "five years of pratfalls."

The comedienne showed up Monday for a rehearsal of the CBS-TV program "The Entertainers."

Sue Fueling Firm In Elkton Tragedy

BALTIMORE (AP)—Relatives of 10 persons killed in a jet airliner crash a year ago have filed suits in federal court totaling nearly \$21 million.

Butler Aviation - Friendship Inc., a company that refuels planes at Friendship International Airport, was named defendant.

The Pan-American Boeing 707 had stopped at Friendship before it crashed near Elkton, Md., Dec. 8, 1963, killing 81 persons.

The flight had originated in Puerto Rico and was bound for Philadelphia.

SAYS GUARD IS INTEGRATED IN 50 STATES

WASHINGTON (AP) — The chief of the National Guard said today all 50 states — with Alabama and Mississippi falling into line last — have dropped bars against mixing Negroes and whites in their Guard units.

"The National Guard of all states, the District of Columbia and Puerto Rico is now integrated," Maj. Gen. Winston P. Wilson told The Associated Press.

"All restrictions, whether by law or administrative regulation, barring membership for race, religion or national origin have been eliminated in the National Guard," he added.

ONLY TIKEN SO FAR

Wilson, chief of the National Guard Bureau, acknowledged that there had been "only token integration in some areas so far." But Wilson, an Air Guard general from Arkansas, contended that even token integration "represents a milestone in the history of the National Guard."

President Johnson and his Committee on Equal Opportunity in the Armed Forces said last Sunday they were encouraged at "definite and clear signs of progress" in desegregating the Guard.

RECENT PROGRESS

They strongly indicated they were not satisfied with token integration in some states.

Brig. Gen. Francis S. Greenleaf, deputy chief of the bureau, said, "We expect progress to continue."

Eighteen months ago there were 10 states that had not integrated their Guard organizations. They were Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee and Virginia.

The drive to persuade these states to integrate began in earnest when Wilson became Guard Bureau chief in the summer of 1963.

BIPARTISAN PLAN OFFERED TO SENATORS

HARRISBURG (AP) — Senate leaders say they will submit Gov. Scranton's special, bipartisan committee approach to legislative reapportionment to their respective caucuses for consideration.

Neither Republican nor Democratic leaders would go beyond that point in commenting on a 1½-hour meeting with Scranton Monday on the sticky reapportionment problem.

Both the State House and Senate are under State Supreme Court orders to realign their districts by Sept. 1 in line with the "one-man, one-vote" principal enunciated by the U.S. Supreme Court.

Scranton has proposed that a special panel be appointed to work out solutions to the issue.

He presented the minority Democrats with the recommendation for one-half hour before calling in the majority Republicans for a joint discussion lasting one more hour.

Scranton met with House leaders last week, but also failed to get a commitment from them in support of the proposal. The House took the same public attitude as Senate minority leader John H. Devlin did Monday.

Devlin said: "We'll take the matter before our caucus and act as they instruct us."

LINCOLN, Neb. (AP) — Dr. Theodore A. Kieselbach, 80, retired University of Nebraska agronomist who was internationally known for his work in developing hybrid corn, died Sunday. He was born in Shelby, Neb.

NOTICES

In Memoriam D

KELLEY: In sad and loving memories of our beloved son and brother, David L. Kelley Jr., who passed away one year ago today, December 29, 1963. Today brings sad memories

Of a loved one gone to rest, And the ones who think of you today

Are the ones who loved you best. You are not forgotten, dear son and brother,

Nor will you ever be. As long as life and memories last, We will never forget you.

Yet again we hope to meet you. When the day of life is fled, And in Heaven with happiness to greet you,

Where no farewell tears are shed. We miss you from your place; dear,

We miss you from your place; A shadow is cast o'er our life, We miss the sunshine of your face.

EADLY MISSED BY HIS PARENTS AND SISTER, MR. & MRS. DAVID L. KELLEY SR. AND MARCIA

FILE CHARGES IN CRASH IN WHICH 2 DIED

HARRISBURG (AP)—City police have charged a 24-year-old Harrisburg man with failure to reveal himself as driver of an auto involved in a double-fatal accident Sunday on a Harrisburg street.

They identified the man as Jackie Bismark Walker, and said he would have a hearing on the charge today before Alderman Joseph Demma.

Police also charged Walker with two counts of involuntary manslaughter and one count of larceny of an automobile license plate.

TWO WOMEN KILLED

Walker was held in the aftermath of a two-car accident which claimed the lives of Henry G. Dubble, 69, and his daughter, Mrs. Verna M. Lightner, 45, both of Camp Hill.

In a related development, police reported that they released Tyrone Leon Moody, 23, Harrisburg, from custody and said a charge against him of failure to stop at the scene of an accident would be dismissed.

The victims were passengers in a car being driven by Mrs. Lightner's husband, Walter T. The Lightner car was hit in the rear by another auto and crashed into a tree.

The husband was hospitalized in apparently satisfactory condition at Harrisburg Hospital.

CAR ABANDONED

The second car was found abandoned two blocks away from the accident scene, police said.

Walker appeared minutes later and claimed ownership of the auto, police continued.

They said the license plate on the vehicle was stolen last Dec. 5 from an auto belonging to A. J. Atahley of Camp Hill.

Both Moody and Walker, who gave the same Harrisburg address to investigators, accused each other of being the driver of the car, police said.

Moody was arrested four hours after Walker at the home of a neighbor.

PSEA SELECTS CANDIDATES

PITTSBURGH (AP)—The Pennsylvania State Education Association selected nominees for various association offices Monday night including those for president and president-elect.

The winning candidates will be presented at the closing general session Wednesday.

Nominated for president were Henry C. Messinger, 49, science supervisor in the Allentown schools and E. Ray Shank, 51, principal of the Roosevelt Elementary School in Norristown.

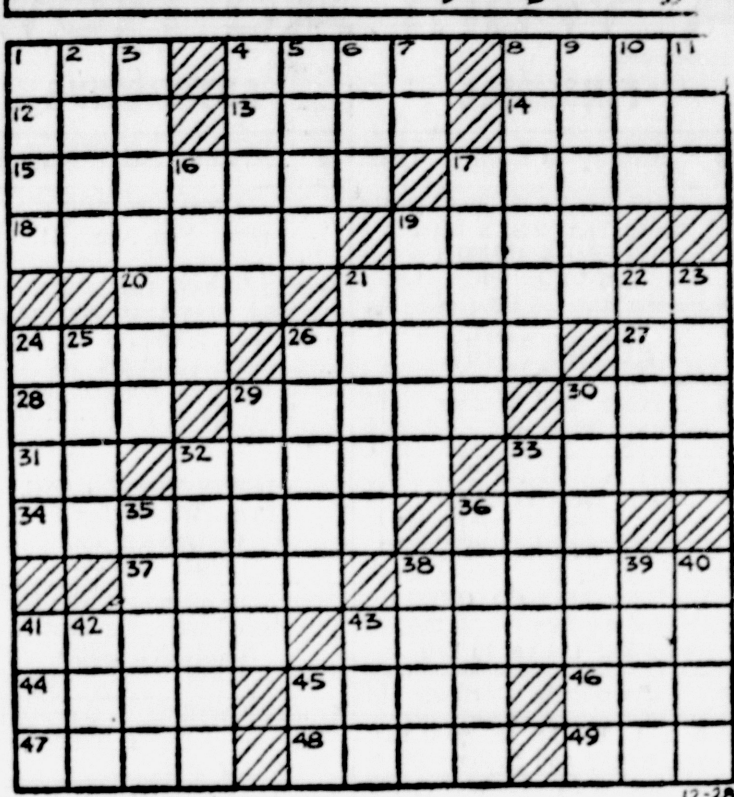

The winner will take office Jan. 1. The incumbent is Henry J. Stoldt, Huntingdon social studies teacher.

Roy W. Brandau, 44, business education teacher in the Garden Spot schools, Lancaster County, was nominated for president-elect, a newly created position.

He was the only candidate and will automatically assume the post at the end of next year's convention.

how **NEW**
gas incinerators
get rid of
all garbage
and burnable
trash
without smoke,
odor or
noise ...

- BIG CAPACITY**—New Gas incinerators have a capacity of about 15 bushels of wrapped garbage and burnable trash.
- AUTOMATIC TIMING**—Set-
tings from 5 minutes to 2
hours time the burning cycle
for dry, damp or wet refuse.
This timer lights the burner
and shuts it off automatically
at a pre-set time.
- COMPLETE DISPOSAL**—
Gas flame burns garbage and
trash completely... consumes
bones, paper, peels, every-
thing burnable... no worry
about clogged plumbing with
a Gas Incinerator.
- SMOKELESS, ODORLESS**—
Any leftover smoke is drawn
over a second burner where
the gas flame completely con-
sumes the smoke, fly ash and
all odors. Clean, smokeless,
odorless air is exhausted out
the flue and into the chimney.

NO MESS—A fine, gray cigarette-type ash is collected in a con-
venient pull-out drawer. Depending on your usage, it need be emptied
only a few times a month.

MODERN DESIGN—New Gas incinerators are designed and styled
as modern as the other appliances in your utility room.

The addition of a smokeless, odorless Gas incinerator to the
modern home eliminates, once and for all, the bothersome
problems of disposing of garbage and burnable trash. You
will never again have to trudge outdoors in snow and rain to
empty the garbage.

New smokeless, odorless Gas incinerators are available in
this area at appliance stores, department stores, plumbing
and heating contractors.

For complete information on the new Gas incinerators,
call your local Gas Company office.

WASHINGTON (AP)—The
Congress of Racial Equality
today labeled the contested
election last month of five Mis-
sissippi representatives as the
“No. 1 item of business” facing
the 89th Congress.
In endorsing the election chal-
lenge initiated by the Missis-
sippi Freedom Democratic par-
ty, James Farmer, national
director of CORE said, “This is
not a frivolous gesture. We’re in
dead earnest.”
With 20 per cent of Japan’s
land area, the island of Hok-
kaido has only 5 million people,
or 5.4 per cent of the nation’s
total.
